AN EXCLUSIVE PHOTOSHOOT

Yves Saint Laurent fell in love with Marrakech instantly upon first visiting in 1966. Our love story begins over these eight pages and we too, were captivated..

Our exclusive photoshoot location takes us away from the bustling crowds and bejeweled souks of central Marrakech, to the five-star, award-winning resort of Palais Namaskar, situated between the desert and the Atlas mountains in the Marrakech Palmeraie – a mere 20 minutes' drive from the city (and only 30 from the airport). Formerly a private residence (not a bit jealous!), Palais Namaskar can only be described as an absolutely epic spa retreat, hotel and wedding venue.

Huge wooden gates reveal twelve acres of Balinese-inspired grounds, boasting golden-domed palaces and colonnaded walkways through shimmering pools. Palais Namaskar is home to 41 minimal and super-stylish suites and villas, all boasting an incredible level of technology and huge outdoor terraces. The resort boasts an on-site spa and two fabulous restaurants with food to match the inimitable surroundings. For weddings, it is the ultimate venue for couples from all corners of the globe.
